Registration took place from 4:15 to 4:45 PM.

Formal Session

The formal opening session began with the National Anthem, at which point everyone stood to express their respect for the nation. Then Swasti Bachan filled the hall with a calm ambiance. Mrs. Sapana Lama delivered the welcoming speech on 4 Falgun, 2080 and Mr. Kuldeep Gupta on 8 Falgun, 2080 emphasized the value of both extracurricular and academic activities. The formal session concluded and the cultural session commenced.

Cultural Session

The cultural session for the Lower Middle School began with the first performance of the Dance Club in the Newari song. The audience thoroughly enjoyed themselves with the students. The second performance was by Grade V, who sang the rock song "TNT". Some audience members were lip-syncing along with the song. The third performance was from Grade VI, who sang the song "Don't Cry", bringing a spark to the hall. The fourth performance was the 'Sanskrit Shloka of Chanakya Niti'. The Sanskrit Shloka brought positive vibes to the entire audience.

Following that was the ITF performance by Grade V and VI, which shocked the audience as the students broke pieces of slate wood in front of them. The fifth performance was the Yog and Meditation demonstration by Grade V and VI, showcasing a variety of yoga positions. The Yoga club also demonstrated sitting positions in chairs for office work, which was informative.

Next, the Art and Craft presentation by Grade V and VI was showcased. The colorful paintings depicted the historical and cultural value of the Kathmandu Valley. Additionally, the Grade VI Art

Club demonstrated the great painting of Mona Lisa in a Nepali cultural form, which was both interesting and creative.

Thereafter, the theatrical performance, of grade V and VI, made parents laugh, left them speechless, and provoked thought at the end. The drama depicted the conflict and struggle between extracurricular activities and academics of the students, emphasizing the importance of balancing both aspects of life. The theatrical act conveyed a message to both students and parents alike.

The second-to-last performance was from the dance club, featuring contemporary dance to the song “Hamro Nepal Ma”. Lastly, the performance of ‘Shiva Tandav’ by Grade V and VI students revealed religious faith through their dance. The cultural session for the Upper Middle School began with the first dance performance of Grade VII, “Devi Bandhana,” which was filled with religious values. The next performance was by the Grade VII Music Club, titled “Demons.” The song captured the immigrants' feelings, shining through the wet eyes of most of the audience, and was truly inspirational. The third performance was by Grade VIII, who sang ‘Twenty Guns,’ followed by enthusiastic participation from the audience. The fourth performance was from Grades VII and VIII, who sang ‘Sanskrit Shlok,’ filling the environment with serenity. Fifth was from the ITF Club, featuring a thrilling show in which ITF students performed stunning stunts and steps. Sixth was a Yoga and Meditation performance by the Yoga Club. The seventh and eighth performances were the Art & Craft Club exhibitions by Grade VII and VIII respectively. The theater performance of Grade VII thrilled the students too, with its theme on menstruation, guiding on dos and don'ts during menstruation. The last performance by Grade VII dancers completed the whole story.

Mr. Bijaya Kumar Shrestha, the principal of Sifal School, delivered a thank-you note along with a concluding speech for the Middle School program, emphasizing the significance of the event, which offers an opportunity for students to demonstrate their skills.

Strengths and Areas for Improvement

Strengths	Areas for Improvement
The program flow proceeded seamlessly, and all events occurred punctually.	Performers should be given time for a well-prepared rehearsal on the stage at least twice before the event.
Audiences actively enjoyed the program.	Technical parts (curtain opening/closing and sound system volume issues during group music performances) need to be thoroughly rehearsed before the program starts.
The students performed their best in a short period.	Delayed in the function of the program due to the lack of coordination.
